

EASY DOES DID IT.

IDEAL FOR: Do-It-Yourself, Maintenance, Repair, and Hobbyist

IDEAL FOR: Do-It-Yourself, Maintenance, Repair, Hobbyist, and Metal Fabrication

100 ST Stick / TIG

125 FC Flux-cored Wire

ITEM# 298

SPECIFICATIONS:

- 90A output max; 120V input
- Electrode diameter: Up to 1/8"
- Plate thickness range: Up to 5/16"
- Weight: 9.65 lbs.
- Dimensions: 12" x 10.5" x 5.5"

FEATURES:

- Easy to use
- Portable
- Lift arc TIG capable
- 6 month warranty

INCLUDES: 8' electrode holder, 8' ground clamp

ITEM# 299

SPECIFICATIONS:

- 125A output; 120V input
- Recommended wire diameter: .030"
- Plate thickness range: Up to 1/4"
- Weight: 42.85 lbs.
- Dimensions: 24.6" x 12.6" x 18.5"

FEATURES:

- Easy to use
- Portable
- No gas required
- Torch wrap
- 6 month warranty

INCLUDES: 8' MIG gun, 8' ground clamp, 1 additional .030" contact tip, chipping hammer, MIG wire .030"

Forney EASY WELD™

5 UNITS TO CHOOSE FROM

IDEAL FOR: Do-It-Yourself, Maintenance, Repair, Hobbyist, and Metal Artist

140 MP MIG/Stick/TIG

ITEM# 271

SPECIFICATIONS:

- 140A output; 120V input
- Up to .030" wire or 1/8" electrode
- Plate thickness range: Up to 1/4"
- Weight: 20.3 lbs.
- Dimensions: 16.75" x 8.125" x 12"

FEATURES:

- Easy to use
- Portable
- Multiple welding process (MIG, Stick, TIG)
- Gas or gasless wire
- Lift arc TIG
- Stick electrode welder
- 6 month warranty

INCLUDES: 10' MIG gun, 8' electrode holder, 8' ground clamp, 20A-15A adapter, 1 - .030" contact tip

IDEAL FOR: Sheet Metal to Thin Plate Cutting, Auto Body, Farm & Ranch, HVAC, Plumbing, and Contractor

20 P Plasma Cutter

ITEM# 251

SPECIFICATIONS:

- 20A output max; 120V input
- 1/4" cutting capacity
- Weight: 21.5 lbs.
- Dimensions: 15.125" x 8.125" x 12"

FEATURES:

- Easy to use
- Portable and generator friendly
- High duty cycle and cutting capacity
- Integrated air pressure regulator and dryer
- 3 diagnostic LED lights
- Drag torch technology
- 6 month warranty

INCLUDES: 13' torch, 8' ground clamp, 20A-15A adapter, 1 additional electrode, 1 additional nozzle

IDEAL FOR: Do-It-Yourself, Maintenance, Repair, Metal Fabrication, and Hobbyist

140 FC-i Flux-cored Inverter

ITEM# 261

SPECIFICATIONS:

- 140A output; 120V input
- Recommended wire diameter: .030"
- Plate thickness range: Up to 1/4"
- Weight: 19 lbs.
- Dimensions: 16.75" x 8.125" x 12"

FEATURES:

- Easy to use
- Portable
- No gas required
- Torch wrap
- Infinite voltage and wire feed speed control
- 6 month warranty

INCLUDES: 8' MIG gun, 8' ground clamp, 20A - 15A adapter
